**Anticipated Summer Programming:** Rowe continues to follow the CPS promotion and retention policy. Scholars may be required to attend summer programming in order to be promoted to the next grade level. The earliest anticipated date for summer programming is June 22, 2026 and may extend through July, 2026.

**Emergency Days:** are built into the school calendar in the event of unexpected closures without the use of an E-Learning day. These dates may be required attendance days if student days fall below the state requirement of 176.

**After School Programming:** The settlement offers robust after school programming through our After-School Program (ASP) and additional clubs and programs. Our ASP is a year-round program that offers daily before and after school care with additional full day programming on certain days. We strive to provide a variety of clubs and programs that are staggered to avoid scheduling conflicts. Please review our family newsletters that share registration information!
